Pre-Primary & Primary

CELEBRATING

GLORIOUS YEARS OF
BRINGING OUT THE BEST IN EVERY CHILD

GLORIOUS

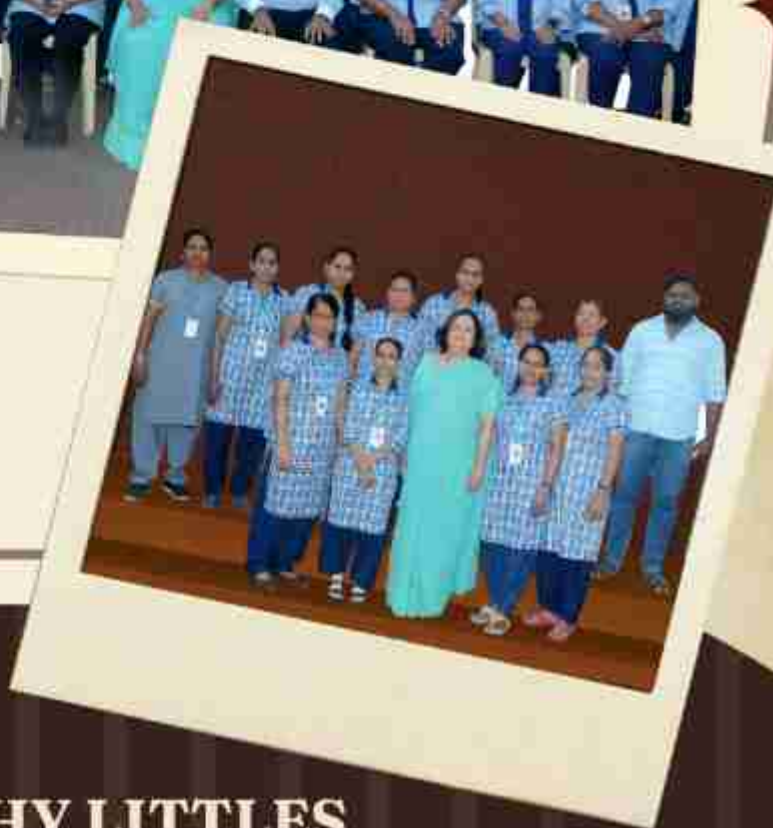

25
YEARS

BRINGING OUT THE BEST IN EVERY CHILD

ABOUT US

Little's Pre Primary & Primary, is a State recognised school in Margao, Goa. We offer Playgroup, Nursery, Kindergarten and Primary schooling upto Grade IV at our uniquely designed campus in Fatorda. We specialise in Pre-Primary & Primary Education, have our own building and sports infrastructure to support classes till Grade IV. We follow the CBSE Board pattern.

The school is located in the heart of the city, just 5 minutes away from the Kadamba Bus Stand and less than a minute from Fatorda Stadium. This central location makes it convenient for parents to drop & pick up their wards to and from the school.

MOTTO

Bringing out the best in every child!

VISION

To initiate & encourage every child in the journey of discovering and developing to his/her true potential by creating and nurturing a joyful & stimulating learning environment.

MISSION

- To discover the talents and potential of every child.
- To be the place of learning that every child yearns to visit every day.
- To continuously develop learning methodologies customized to the needs of every child.
- To lay a strong foundation for the future success of the child.

COMPREHENSIVE & CONTINUOUS EVALUATION

Little's follows a method of comprehensive and continuous evaluation of children. This method of evaluation goes beyond pen and paper examinations and helps the child develop continuously in both academic and non-academic domains, including scholastic, co-scholastic areas, life skills, etc.

WHY LITTLES

At Little's, there is a specific emphasis on 'learning' rather than 'teaching'. Learning occurs at both individual and group levels, and both are actively encouraged at Little's.

Research indicates that a child learns predominantly through one of many learning styles: visual (by seeing), auditory (by hearing), or kinesthetic (by touching and feeling through activity). We utilize different methodologies and various learning aids to ensure that the child learns in a manner suitable to their learning style in a fun environment.

We conduct regular teachers' training by experts in pre-primary and primary education, child development, child psychology, etc. Our teachers and coordinators often attend workshops at the national and state levels to enhance their knowledge. They are regularly evaluated, and feedback is provided to help bring out the best in every child.
